

# *A sneak peak at what we're working on ;)*

## **Business Marketing**

Estate planning.  
Marketing.  
Record keeping.  
Indiana Food Business  
Consultants.  
Taxes & insurance.  
Agribusiness.  
Pricing and Ag Econ  
for specialty crops.  
Farm finances.  
Farmers market tip & tricks.  
Buyers panel.  
Social media for  
small businesses.

## **Niche Opportunities**

Walnut syrup.  
Cover crops for profit.  
Compost.  
Tea growing.  
Herbs: Large scale.  
Hot sauce.  
Scotch bonnet.  
Microgreens.  
Nut production.  
Goat cheese.  
Truffles.  
Seed collection.  
Craft farming.  
Mushrooms.

## **Fruit**

Dogwood borer.  
Buffalo tree hopper.  
Marssonina blotch.  
Crop thinning.  
High tunnel table grapes.  
Advanced strawberry system.  
Beginner strawberry production.  
Small fruit- thrips.  
Botrytis in strawberry.

## **Resilient Ag**

Results from Indiana's Soil Health  
Census on organic farms.  
Indiana Soil Nematode Survey.  
Optimizing Compost Use for Soil  
Health and Regenerative Ag.  
Interpreting a soil test  
Marion county SWCD  
nutrient calculator.  
Envisioning the future of  
food and community.  
Urban Soil Limitations  
and Solutions.  
Engaging youth & fostering  
long term interest in ag.  
Cover Crops for weed management.

**Goats on the Go Muncie(SARE).  
Getting Started With  
Small Ruminants.  
Formulating Feed Rations.  
Livestock & crop integration.  
Wool products in specialty crops.  
Considerations for Poultry  
on a Small Farm.**

## Flowers

Woody plants.  
3 Flower focus.  
Flower arrangement.  
Blooms & Business: Growers'  
Panel on Cut Flower Success.  
Success.  
Marketing.  
FlowersInSeason.com  
application.  
Seed collection tools  
and techniques.  
Easy to preserve flowers  
for all season products.  
Filler and greenery.  
Cut Flower  
Research Listening Session.

## Urban Ag

Multiuse plants.  
Grant funding, writing.  
Water management.  
Urban scale livestock  
(quail tractors).  
Urban Farm Stress.  
Don't Make the same mistake  
(why urban garden project failed).  
Profit in the shade.  
Urban Forestry.  
Permaculture.  
Urban Beekeeping.  
Composting.  
Value added products.  
Low input products.  
Freeze Drying/Food Preservation.

## Labor

H2A AEWR Rules.  
Things to consider when adding  
farm labor to your farm.  
Labor Efficiency.

**POSTER SESSION**

**CIDER CONTEST**
